# COLT STARTING CHALLENGE

**MAY, 28<sup>TH</sup> | 4:00PM**

Following the success of our first colt starting event back in January, we're back with a continuation that promises even more exciting progress and demonstrations. This event allows our competitors to showcase the hard work they've put into their young horses as they take on a specially designed obstacle course along with some freestyle time. Competitors will have a 10-minute time limit and will be scored on a scale of 1-10 how well they handle each obstacle which will be designed to challenge both horse and rider. The obstacle course will highlight the colt's progress in key areas such as groundwork, saddle work, and basic riding cues. Along with the obstacle course, each competitor will have a portion of that 10 minutes for a freestyle session, where they can demonstrate their colt's individual progress and creative tricks which will be ways to earn extra points. So come join us as we kick off this exciting day of horse activities!

**Comments:** Zeke is a standout, beautiful blue roan draft cross gelding that we raised and developed through our program. He offers the kind of disposition, presence, and reliability that are getting harder to find. Zeke is exceptionally well-mannered - standing quietly for bathing, clipping, and shoeing, and hauling with ease. He is solid and dependable with the bullwhip, tarp, and mounting block, carrying a calm, confident attitude. Safe around kids and dogs, he is the same horse whether you ride him every day or once a month. Whether alone or in a group, Zeke is steady, relaxed, and enjoyable. Horses like Zeke - raised right, broke right, and built to last - are the kind you search for and seldom find.

**Comments:** Check out this mound of cuteness. Otis stands 14 hands. What a perfect size for the whole family. This 4 year old gray Percheron cross is broke to ride and drive. He has been hooked to pull heavy farm equipment. He is just as good broke single. Otis is super easy to ride. We have spent hours in the arena and on trails. He picks up both leads and listens to seat and leg cues. He happily crosses logs, water, or any obstacle you might meet. We have worked cattle with him as well. He also rides in English tack and we have taken him over jumps. Otis will be safe for almost any level rider. He sells traffic safe and sound. We feel very confident about this little guy. For more info please call 260-768-4416.
